-

PROFESSIONAL EXPERIENCE

MANAGEMENT INFORMATION SYSTEM (MIS) MANAGER | DOT Zi (January 2025- Present | Chittagong, Bangladesh)

A 360° digital marketing agency providing tailored solutions for Businesses and startups.

- Developed and managed a centralized Management Information System (MIS) using Odoo, tracking campaign performance, client feedback, and operational KPIs.
- Integrated Odoo with Google Analytics, Facebook Insights, and Excel-based tools to produce weekly performance dashboards for stakeholders.

- Automated report generation within Odoo, reducing manual reporting time by one third, enabling quicker optimization of marketing campaigns.
- Collaborated closely with marketing and design teams to align operational data with performance targets, ensuring on-time project and campaign delivery.

OPERATION MANAGER | DRAFT TO VESSEL (*July 2024 - December 2024 | Chittagong, Bangladesh*)

A creative agency specializing in branding, PR, and strategic product supply within Bangladesh.

- Oversaw end-to-end operations for the agency's supply chain: managed door-to-door deliveries, coordinated air shipments (10–15 days) and sea freight (35–45 days), ensuring seamless LC/TT import compliance.
- Improved delivery timelines by 20% through vendor consolidation and refined tracking protocols.
- Implemented an operational dashboard to monitor shipment statuses (via Excel and Google Sheets).
- Facilitated partnerships with local warehousing and logistics providers in Chittagong and Dhaka to streamline inventory turnover.
- Led monthly operations review, aligning KPIs with marketing and creative teams to ensure project and campaign delivery aligned with client expectations.

PRODUCT MANAGER | MEXEMY (*April 2024 - June 2024 | Remote*)

An emerging ed-tech platform providing online course content and career advancement resources for Bangladeshi youth

- Conducted market and competition analysis, improving product development strategy and surging demand by 20%.
- Analyzed user feedback and implemented data-driven changes, increasing user satisfaction by 30%.
- Negotiated contracts with instructors, reducing costs by 10%.
- Managed digital products, overseeing a team that enhanced product lifecycle management.

**ASSOCIATE OPERATIONS & CLIENT MANAGEMENT | M/S AMANAT
TIMBER ENTERPRISE (March 2022 - 2024 | February Chittagong,
Bangladesh)**

A One Stop Wood Solution, supplying a range of Raw to Finished Products.

- Supervised client servicing and operations, ensuring seamless supply chain management and reducing delays by 25%.
 - Maintained supplier relationships and developed value chain strategies, improving operational efficiency by 30%.
 - Analyzed end-to-end supply chain processes, identifying and rectifying bottlenecks to optimize logistics workflow.
-

EDUCATION

**MSc in Data Analytics & Design Thinking for Business (2024-2025, East Delta
University, Chittagong)**

- Relevant Coursework & Projects: Predictive Analytics Using R Script, Data Visualization and Dashboards with Power BI & Tableau.
- Research Project: Developing a Basic Machine Learning Model using Orange, Machine Learning Model evaluation on Customer Loyalty using PYTHON, NumPy's, Pandas.
